

Feelings Song

I've got feelings, you've got feelings, we can all
learn about our feelings.

I've got feelings you've got feelings, we can all
learn about our feelings.

I can care about mine,
I can care about yours,
you can care about mine
and you can care about yours too.

I've got feelings, you've got feelings, we can all
learn about our feelings.

I've got feelings you've got feelings, we can all
learn about our feelings.

We can all learn how,
to choose the feelings we want to feel,
We can all learn how,
to choose our feelings channels too.

I've got feelings, you've got feelings, we can all
learn about our feelings.

I've got feelings, you've got feelings, we can all
learn about our feelings.

We can all learn about our feelings
